

Background

Hong Kong Optometric Services Limited is a private optometric practice in Central since 2005. Our aim is to provide high standard primary eye care services to clients.

Our optometrist, Mr Tony Chung, has been in private practice in Hong Kong since 1999. He earned his Bachelor of Science in Optometry from the Hong Kong Polytechnic University in 1999.

Besides providing primary eye care and dispensing services, we also provide specialty contact lenses services such as therapeutic contact lenses, orthokeratology.
